Profile

I lost the ability to walk since I was 2 years old, and have become a wheelchair user ever since. I'm now looking for an opportunity to work and research the employment for people with disabilities in a company in the U.S. I have a sponsor, "The Duskin AINOWA Foundation" in Japan which have organized studying and working abroad programs for people with disabilities over 30 years. The program provides up to US\$40,000 for my research and living cost.

Education

University of Wisconsin, River Falls, U.S.A.
Bachelor of Science in Communication Studies, 2009

Experience

Senior Staff, Adastria Holdings Co., Ltd.; Tokyo, Japan – 8/2013 - Present
