

PLEDGE FOR CHANGE
DISABILITY DIVERSITY
IN THE LEGAL PROFESSION

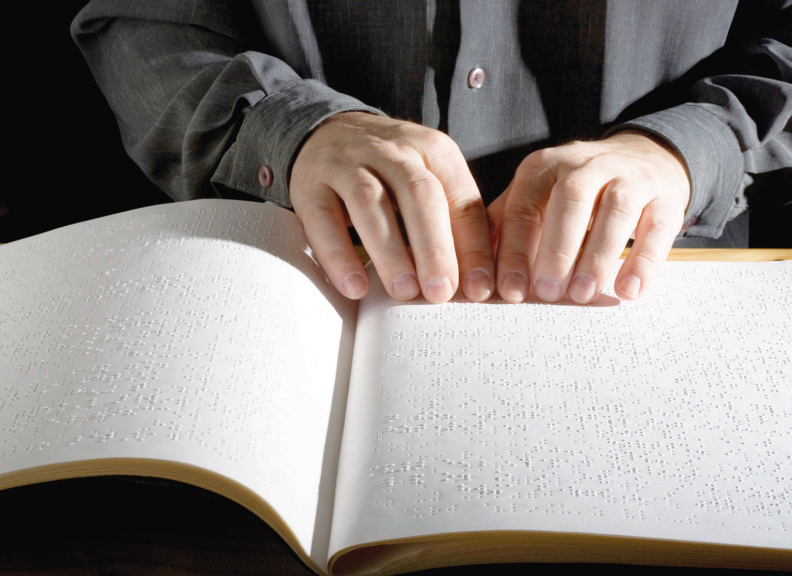

The Pledge for Change: Disability Diversity in the Legal Profession calls on legal employers to affirm that their commitment to diversity includes people with disabilities, and to encourage others in the profession to make this commitment.

People with disabilities are the nation's largest minority and can be found in every segment and social strata of our society.

They are our colleagues bringing a wealth of experience, perspectives, and talents.

Sign the Pledge and join the law firms, corporations, bar associations, judiciaries, and law schools who have affirmed their commitment to enhancing inclusion and opportunities for lawyers with disabilities.

WHAT PLEDGE SIGNATORIES CAN DO
